Q3 graft on

Q4 where effective community efforts have been identified & shown to be working.

Q5 so long as present dual representation exists MPs will only pay lip service to the NI Assembly

Conclusion: The Churches should end their endorsement..... banning flags etc & should be compensated for loss of revenue from Groups who only attend the church once a year. Example: I have visited Drumcree Church on separate occasions anonomously. It has a a core group of regular attenders who are swamped once a year by people who never attend the church on other Sundays of the year. Drumcree Church would lose revenue but could be compensated.

Equality impact: Most of the proposals are standard practice in England for over 20 years. The practice of inserting NI amendments to create statutes that lead to different interpretations in the Province should be ended in order to prevent self serving advantage to the dominant political party.
